

Impaired Driving

Increased Penalties—New Laws

- Sobriety Checkpoints needed now – marijuana law requires it
- Provide DOL prosecutor at DOL Hearings
- Automatic jail time – 10 days booked at arrest
- Increase time, fees and other penalties
- Lower per se limit for repeat offenders
- Lower per se limit for motorcycles
- Lower per se limit to .05 or .04 for everyone
- Seize vehicle of all (or repeat) DUI offenders, use proceeds to fund DUI programs
- Mandatory arrest and booking – like is already required for domestic violence cases
- Mandatory blood/breath tests—Mandatory SFSTs, chemical test
- Mandatory blood instead of breath tests
- Change the law so that bartenders are allowed to take a customer's keys
- Stiffer penalties for Minor DUI
- Make it a felony after 3 prior DUI convictions (instead of 4)
- Mandatory Preliminary Breath Test

Enforcement

- Conduct “no refusal weekends.”
- Develop officer-phlebotomists
- DDACTS approach to DUI patrols
- Electronic and streamlined DUI arrest reports
- Use electronic devices to collect data during alcohol compliance checks
- More cross-deputation with Tribal and County agencies
- D & A enforcement of skiing and snowboarding drivers
- Expand home safe bar programs to more counties –work in cooperation with LCB and law enforcement leadership
- Deploy smaller MIDU vans for use around the state
- Fund corrections for booking DUI at events
- Increase flexibility around dates for DSGPO campaigns
- More DRE, ARIDE, SFST training
 - Provide ways for small agencies to fill in when officer is at training
- Mandate ARIDE through CJTC

Support alternatives to driving

- Use vouchers for cab rides around bars
- Low cost safe travel options in cities and small communities
- Establishments should offer safe rides home

Education

- Public education aimed at potential jury members
- Public education about marijuana laws—medical and recreational
- Allow funding for mass student education
- Allow funding for mock car crashes
- Remove all “Alcohol Limit .08” signs
- Public awareness that .08 is not the goal
- Better publicity on issue
- Public awareness on prescription drugs
- School-aged education on impaired driving that is standardized and effective
- Provide brochure describing DUI penalties at DOL driver licensing offices
- More funding for variable message boards
- More public education on all drugs and drug combos
- Better education on the importance and impact of minor DUI/alcohol violations for kids, parents and law enforcement officers
- Message as to why marijuana is impairing

Increase Support for Impaired Driving System

- Increase law enforcement agency leadership buy-in
- Make impaired driving a priority for agencies and government
- More education and buy-in around DUI Cost Recovery
- Increase funding for LCB compliance enforcement

Engineering

- In areas where there are high DUI crashes, use diagonal line striping to slow vehicles—Gary Norris
- Automate collision information to provide more information about driver’s activity prior to crash and intentions post-crash

Department of Licensing

- Provide DOL prosecutor at DOL Hearings
- Consolidated DUI arrest/convictions into DOL incorporating III
- Attach ignition interlock device restriction to vehicle license plate

Research

- Fund a marijuana DUI study. Study the effects of marijuana and alcohol combined.
- Study marijuana law's impact
- GIS plotting of DUI Collisions

Treatment

- Review DUI assessment and treatment procedures
- More levels of victim impact panels...It seems like people on their 3rd or 4th DUI –and VIP need a different approach.

Underage Drinking

- Improve and enforce social host laws
- Enforce furnishing
- Better store policies for preventing shoplifting of alcohol/spirits
- Develop best practices/policies for stores selling spirits
- Implement brief intervention and referral to treatment on all college campuses as a requirement for anyone with an alcohol/drug violation
